

RECORD OF ORDINANCES

Ordinance No. _____ Passed _____, 20_____

Mr. Haskins asked how hard would it be to incorporate a parking lot into a park plan? Any type of rule of thumb regarding how many acres for parking to determine for a number of parking spots?

The firm said it would not be difficult at all and just to make sure it was done right by being sensitive to the context for one. Landscape for buffer. And the number of spots depends on the number of use of the site.
