Public Works Facility Update

Progress continues on the Public Works Facility on Garfield Avenue. The park has now reopened with a temporary gravel driveway and the bathrooms will be finished along with the building. This is a much needed new location for our Service Department which will include a training room, a wash bay and inside storage for their equipment. The facility is expected to be operational by the end of the year!

Utility Office Updates

The first utility billing cycle using Invoice Cloud was a success! Many of you have taken advantage of the new system by visiting our website www.milfordohio.org and clicking on Pay My Bill. You can use this site for a one-time payment without having to log in, but if you register you will have access to previous bills, text message reminders and the ability to save your payment method for future use.

Rumpke is now handling all trash/recycling requests directly. If you need a new container or have a large item to set out for the trash, you can contact their customer service at (513)741-5255.

- Have parents check your treats for choking hazards and tampering before enjoying them.
